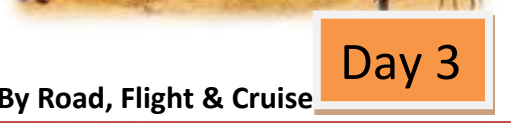
Day 02: 20th Oct, CAIRO – SAQQARA – GIZA – CAIRO — **By Road**

Meals: Breakfast, Lunch & Dinner

After breakfast, enjoy the day tour starting with **Saqqara**, the step pyramid complex of the King Djoser. Aside from being home to Egypt's oldest pyramid, Saqqara is the largest archaeological site in the country. The Step Pyramid is the first known monumental structure made of stone anywhere in the world. As its name suggests, it is a series of six levels of stone decreasing in size as they ascend to about 200 feet or 60 meters in height.
Then, proceed to The Great Pyramids of Giza - **the Great Pyramid of King Cheops(Khufu), the pyramids of Chephren(Khafre) and Mykerinus(Menkaure), as well as the great Sphinx at Giza plateau.** The Pyramid of Giza is famous as the oldest and only largely intact wonder of the Seven Wonders of the Ancient World. Built around 2600 BC as a royal tomb for Pharaoh Khufu, it was the tallest man-made structure for over 3,800 years. It is renowned for its immense scale, precise engineering, and surrounding mysteries.
Next, visit **Papyrus Institute and Perfume Factory**.
After the tour, have dinner and return to the hotel in Cairo for an overnight stay.

Day 03: 21st Oct, CAIRO – ASWAN – PHILAE – NILE CRUISE – FELUCCA — **By Road, Flight & Cruise**



Meals: Breakfast, Lunch on board & Dinner on board

After breakfast, check-out from the hotel and **proceed to the airport to board the flight from Cairo to Aswan.**
On arriving at Aswan, proceed to explore the **High Dam**, an engineering miracle constructed in 1960 to protect Egypt from the annual Nile floods, which is also an important source of water and electricity and the unfinished **Obelisk**.
Later, head for an excursion tour to **Philae Temple of Goddess ISIS**, the Goddess of magic and motherhood. It is one of the greatest temples in Egypt and the entire complex was moved from the original island(Philae)to Agilkia Island due to the floods and construction of High Dam. It boasts impressive, detailed reliefs depicting the myths of Isis, Osiris and Horus. Built during the reign of Ptolemy II (Egypt's Greco-Roman Period), the temple walls contain scenes from Egyptian mythology of Isis

bringing Osiris back to life, giving birth to Horus and mummifying Osiris after his death. The Temple of Philae is a must-see attraction for many travellers, praised for its unique island setting and historical significance. The journey involves a scenic boat ride from Aswan, enhancing the visit.

Next, **embark the Nile cruise**, check-in to the room and have lunch on board. Take rest in the cruise and relax for some time. In the afternoon, we will enjoy a sailing expedition on the Nile by the **Felucca** around **Elephantine Island**, the largest island of Aswan area and a major ivory trading center followed by the **Kitchener's Botanical Gardens** known for its rich array of subtropical, exotic and rare plants. On this day, you can also opt for the **Nubian Village tour** (optional – at additional cost).

Return to the cruise, have dinner and stay overnight on board.

Day 04: 22nd Oct, ASWAN – ABU SIMBEL (SUN FESTIVAL) – KOM OMBO – CRUISE

Day 4

By Road & Cruise

Meals: Packed Breakfast, Lunch & Dinner on board

Early in the morning, proceed for **Abu Simbel Excursion** with packed breakfast. We will depart at midnight and drive for 3.5 hours to Abu Simbel. Upon arrival, we will **enjoy the Sun Festival** at the court of the Colossi Temple of Abu Simbel initially built by King Ramses II and recently saved from inundation of the Nile waters. The most spectacular aspect of this temple is its setting on the solid rock above the banks of the Nile River. It is believed that the axis of the temple was positioned by the ancient Egyptian architects in such a way that every year on February 22nd and October 22nd, the rays of the sun would penetrate the sanctuary and illuminate the sculptures on the back wall, except for the statue of Ptah, the god connected with the Underworld, who always remained in the dark. These dates are allegedly the King's birthday and coronation day respectively.

The Abu Simbel temples are two massive rock temples at Abu Simbel, a village in Nubia, southern Egypt, near the border with Sudan. They are situated on the western bank of Lake Nasser about 230 km southwest of Aswan (about 300 km by road). The complex is part of the UNESCO World Heritage Site known as the "Nubian Monuments which run from Abu Simbel downriver to Philae (near Aswan). The twin temples were originally carved out of the mountainside during the 19th dynasty reign of the Pharaoh Ramesses II in the 13th century BC, as a lasting monument to himself and his queen Nefertari to commemorate his victory at the Battle of Kadesh. Their huge external rock relief figures have become iconic.

Return to the cruise and have lunch. Later, take rest and enjoy the sunset from the deck of the Nile Cruise. After lunch, the cruise starts sailing to **Kom Ombo** Temple which is located in Kom Ombo town, 45km north of Aswan. The Temple of Kom Ombo is an unusual double temple in the town of Kom Ombo in Aswan Governorate, Upper Egypt. It was constructed during the Ptolemaic dynasty,180–47 BC. Some additions to it were later made during the Roman period. The building is unique because its 'double' design meant that there were courts, halls, sanctuaries and rooms duplicated for two sets of gods. The southern half of the temple was dedicated to the crocodile god Sobek, god of fertility and creator of the world with Hathor and Khonsu. Meanwhile, the northern part of the temple was

dedicated to the falcon god Haroeris, also known as Horus the Elder, along "with Tasenetnofret (the Good Sister, a special form of Hathor or Tefnet/Tefnut) and Panebtawy (Lord of the Two Lands). The temple is atypical because everything is perfectly symmetrical along the main axis. Then, sail to Edfu.

Have dinner and stay overnight on board.

It is the most contributed and functioning temple in the world and the greatest example of worship in the history dedicated to the God Amon, his wife Mut and their son Khonsu.
