Itinerary:

Day 1: 11th Feb, KOLKATA – DELHI

Meals: Meal on Board & Indian Dinner

Welcome to Smiles Per Miles Pvt. Ltd. Embark on a journey with us to one of the most demanding destinations of the world named Iceland & Arctic Lapland.

Arrive at Kolkata Airport two hours prior to departure and complete all formalities under the guidance of our Tour Manager before boarding the flight from Kolkata to Delhi.

Day 2: 12th Feb, DELHI – HELSINKI

Meals: Meal on Board & Indian Dinner

Complete all immigration formalities before boarding the flight from Delhi to Helsinki.

Reach Helsinki in the afternoon. After completing all immigration formalities, hop on to the coach and proceed to the hotel for check-in. Freshen up and relax for some time. Later, have dinner in an Indian restaurant and stay overnight in the hotel at Helsinki.

Day 3: 13th Feb, HELSINKI – KEFLAVIK – GOLDEN CIRCLE TOUR – HELLA

Meals: Packed Breakfast & Local Dinner

Check-out early from the hotel and proceed to Helsinki airport to board the flight to Keflavik.

Arrive at Keflavik International Airport. **WELCOME TO ICELAND** – the landscape is varied, rough but at the same time romantic with steep cliffs plunging precipitously into narrow fjords, deep canyons, extensive glaciers, black sand-beaches, grumbled volcanos and boiling geysers. After collecting your baggage, board the luxury coach and proceed for the **GOLDEN CIRCLE** tour.

First, proceed to **Thingvellir National Park** – the only place on Earth where the North American and Eurasian tectonic plates are exposed above the sea level. It's sheer aesthetic beauty surrounded by a bowl of ancient mountain peaks, dried magma fields covered in Icelandic moss and carved by glacial springs make it one of the most visited spots in Iceland. It is home to the glacial spring Silfra fissure. It is here that the world's first democratically elected parliament, Alþingi, was formed in 930 AD. Next, visit **Strokkur**, a fountain geyser located in a geothermal area beside the Hvítá River in **Haukadalur Valley** of Iceland in the south-west part of the country. Strokkur, like all hot geysers, is caused by water meeting magma-heated rock, then boiling and erupting under pressure. This magnificent geyser spurt water up to 50m in the air and reliably erupts every five to 10 minutes.

Day 1

By Flight & Road

By Flight & Road

Day 2

By Flight & Road

Day 3

Then, visit **Gullfoss** meaning 'golden waterfall' that owes its name to the rainbow that paints the sky above the water as soon as the sun comes out. The Hvítá rushes into a ravine, its flanks tall basaltic organs, to form the Gullfoss waterfall that cascades over two huge shelves for a total drop of 32 meters and is 70 meters wide.

Later, check-in to the hotel followed by local dinner and stay overnight in Hella.

Day 4: 14th Feb, HELLA – SOUTH COAST TOUR – VIK – HELLA

Meals: Breakfast & Local Dinner

Today after breakfast, proceed to visit **Skógafoss**. Skógafoss, or "forest falls," is formed by the Skóga River rushing over the Fimmvörðuháls Pass as it melts away from the Eyjafjallajökull and Mýrdalsjökull glaciers. Located between these two majestic glaciers, Skógafoss can be seen from afar when you pass on the ring road and is a must-see attraction for all tourists visiting southern Iceland. The Skóga River tumbles from the top of a 60-meter cliff over a 25-meter wide lip and smashes to the ground with a constant roar and cloud of mist: this is the mighty Skógafoss. Like other waterfalls in Iceland, Skógafoss is sometimes adorned with a beautiful rainbow as was the backdrop of the shooting spot of the song "Gerua" from the film "Dilwale" starring Shahrukh Khan and Kajol.

Then, you can opt for the optional tour of **Sólheimasandur Plane Wreck** (optional - additional cost). It is the remains of a US Navy Douglas C-117D plane that made an emergency landing on a South Iceland black sand beach on November 21, 1973, after experiencing severe icing, with all seven crew members surviving. After the crash, the plane was left and for decades, it served as a raven's nest and a model for local photographers who have always enjoyed capturing the wreckage in different lights and seasons. The black sand beach and the stellar scenery makes the location look like something from another planet. It's not surprising that the Solheimasandur DC-3 plane wreck has been used in quite a few commercials, documentaries, a Bollywood film (Dilwale) and Justin Bieber's video for the song *I'll show you* in 2015.

Next, journey along the **southern coast of Iceland** to the world-famous black sand beach of Iceland – **REYNISFJARA**. With its dark and mysterious beauty, Reynisfjara beach offers a unique experience unlike anything else in the world. From the haunting sea stacks and the hexagonal basalt columns to the rolling waves and the incredible birdlife, it is a destination on every traveller's bucket-list. Observe the rocky sea stacks sitting off the shoreline, known as Reynisdrangar and then stop at **VIK** for some time.

Next, proceed towards the famous **Jökulsárlón Glacier Lagoon**, one of the most incredible natural wonders of the world. People are often blown away by the sheer vastness and unique beauty before them, as majestic icebergs make their way through the enormous lagoon to the Atlantic Ocean.

By Road

Day 4

After leaving the lagoon, the glistening blue and white icebergs are washed up on the black sandy coastline at **Diamond Beach**, another iconic stop in the area. While many of the icebergs go straight out into the ocean, the chunks that wash up at the beach glisten in contrast to the dark sand. This creates a vision unlike you will see anywhere else in the world.

Then, return to the hotel followed by local dinner and stay overnight in Hella.

Day 5: 15th Feb, HELLA – GRUNDARFJÖRÐUR – KIRKJUFELL – REYKJAVÍK

Meals: Breakfast & Indian Dinner

Have breakfast, check-out from the hotel and proceed to **Seljalandsfoss**. Then journey towards **Kirkjufell** through an amazing landscape. Particularly photogenic, this mountain is simply the most photographed site in Iceland along with **Kirkjufellsfoss**. Kirkjufell can be translated from Icelandic as “*the church mountain*”, explained most probably by its particular pyramid structure. It is found on the north coast of the **Snæfellsnes Peninsula** near **Grundarfjörður**. Located right on the seashore, the mountain rises 463 meters from the waterline, as if planted in the ocean. Famously, it was one of the filming locations for season 7 of the famous *Game of Throne* series and called “*Arrow Head Mountain*” in the fantasy world.

The mountain is in fact made up of stratified sedimentary rock chronicling the various ice ages and eruptions of the Lýsuskarð volcanic system. Finally, the summit is made of tuff, a rock formed by the accumulation of volcanic projections. You can clearly see the different layers on the mountain when you are nearby.

Then, proceed to the Icelandic capital – **REYKJAVÍK** for a guided city tour including Hallgrímskirkja, Sun Voyager Sculpture on the Atlantic Waterfront, Lighthouse, Harpa Concert Hall or Opera House, Reykjavík Pond, City Hall, Rainbow Street etc. Have Indian dinner in the restaurant and check-in to the hotel for an overnight stay in Reykjavík.

By Road

Later, have dinner in an Indian restaurant and stay overnight in the hotel at Helsinki.

By Flight & Road

Day 7: 17th Feb, HELSINKI – PORVOO – SANTA CLAUS EXPRESS

Meals: Breakfast & Indian Dinner

Walk through the narrow cobblestone streets that are lined up with charming cafes, restaurants, boutiques housed in historical wooden buildings of different colours. Visit the red wooden warehouses along the river that dates back hundreds of years and are the town's landmark.

Later, return to **Helsinki** and proceed for an **orientation tour of the city** including **Sibelius Monument, Helsinki Senate Square, Helsinki Cathedral** etc.

Later, have dinner in an Indian restaurant and proceed to Helsinki Central Railway Station to board the **double-decker Santa Claus Express** for an overnight journey from Helsinki to Rovaniemi.

Day 7
By Road & Train

Board the coach and proceed to visit **Ranua Arctic Zoo** which is home to Finland's only polar bear and 50 other arctic and northern animal species in the middle of arctic coniferous forests.

Later, proceed to Saariselka and check-in to the **glass igloo or aurora cabins**. Enjoy a delicious local dinner in the hotel followed by an overnight stay in the igloo. Experience a night under the stars at glass roofed accommodation and if you are lucky enough, you can view the aurora borealis or the northern lights from glass igloo tonight.

By Road

Meals: Breakfast & Local Dinner

After breakfast, proceed for **Husky sled** (Optional package Cost) where you can feel Lapland's beauty and the purity of the natural environment. Meet the Siberian huskies and enjoy a sleigh ride through the snowy forest. Fall in love with the winter wilderness where all you can hear is the panting of the dogs and the swish of the runners.

Next, proceed towards Alta via **Ivalo**. En-route, stop at the frozen **Lake Inari**, the third largest lake in Finland.

Day 9
By Road

Next, begin your journey and enjoy a scenic drive towards **Honningsvåg** – a charming Arctic town, where the **Midnight Sun shines** and the **Northern Lights dance**. Encounter the iconic **Globe Monument**, dramatic cliffs and panoramic views of the Barents Sea. The North Cape reveals itself as the wild, raw and powerful place and one of the world's most famous lookout points. Return across the open mountain plateau before arriving back in Honningsvåg. Visit the arctic town of Honningsvåg with its church and its preserved fishing facility near the harbour where you can explore a photo gallery, browse for souvenirs and reflect on the rich history of Arctic fishing communities.

Visit the **North Cape Museum** which is a local cultural heritage museum presenting the history of the island of Magerøya and its population, from the Stone Age to Modern Times. It is dedicated to inform about the first settlers in the region, the daily life on the island and the reconstruction of Honningsvåg after the city was burned to the ground during the Second World War. The permanent exhibition also covers the fishing and marine development of the region. The Museum also regularly holds temporary art exhibitions by local and international artists.

Meals: Breakfast & Local Dinner

After breakfast, proceed for a **guided city tour of Kiruna** including a visit to Kiruna Church, once voted as the most beautiful old building in the country. The cosy terracotta-coloured church, with its fairy-tale rooftop points, is designed to resemble a hut of the indigenous Sami people.

Located in Swedish Lapland, explore the old town and the new town through the snow-blanketed streets along with the town hall where the buildings are being relocated because of the subsidence from the local iron ore mine that is threatening to swallow the town. It is billed as the world's most radical relocation project. Kiruna is the home to the world's largest iron-ore mine, opened in 1898 and still in use.

Next, visit **Jukkasjärvi Ice Hotel** which features rooms, icebar, church and other art exhibitions entirely made out of sculptured ice and snow from the neighboring Torne River. The building process starts in spring when massive blocks of ice are harvested from Torne River. Each block weighs up to two tons and is stored cold during the summer, ready for the winter and the construction of Ice Hotel.

In addition to ice, "snice" (a mix of snow and ice) is also used for building the hotel's floors, walls, and ceilings. Snice is not only beautiful to look at but also durable and reliable, making it ideal for creating the impressive structures of the Ice Hotel. For many of the artworks, light plays a crucial role in creating the final experience. The light adds an extra dimension that makes each sculpture tell its own story. It's a symbiosis between art and light, where every beam helps create the unique feeling that makes each room its own work of art.

Return to the hotel, have dinner and proceed for aurora hunting by the Torne River or any other area.
